Spring Break Programs

These programs are brought to you by Richfield Recreation Services & Richfield Community Education

Child and Babysitting Safety Clinic

The **CABS** program stresses the priority to keep you and the children you care for safe. Babysitting is not just “watching” the children, but being responsible for their safety and well being. When you are caring for a child, you are taking care of a parent’s most prized possession. Everything in their home and your own home can be replaced— everything, that is, except a child. This clinic is for all soon to be or current babysitters! We welcome boys & girls 11 years old and older to come and learn about the responsibilities of babysitting. Topics to be discussed include: age appropriate playtime, caring for a baby, how to feed and diaper a baby, basic First Aid and much more! Learn the skills to earn an income and be a responsible babysitter! A lunch of pizza and pop will be provided. Min 8 – Max 20
